ERSCHEINT MONATLICH

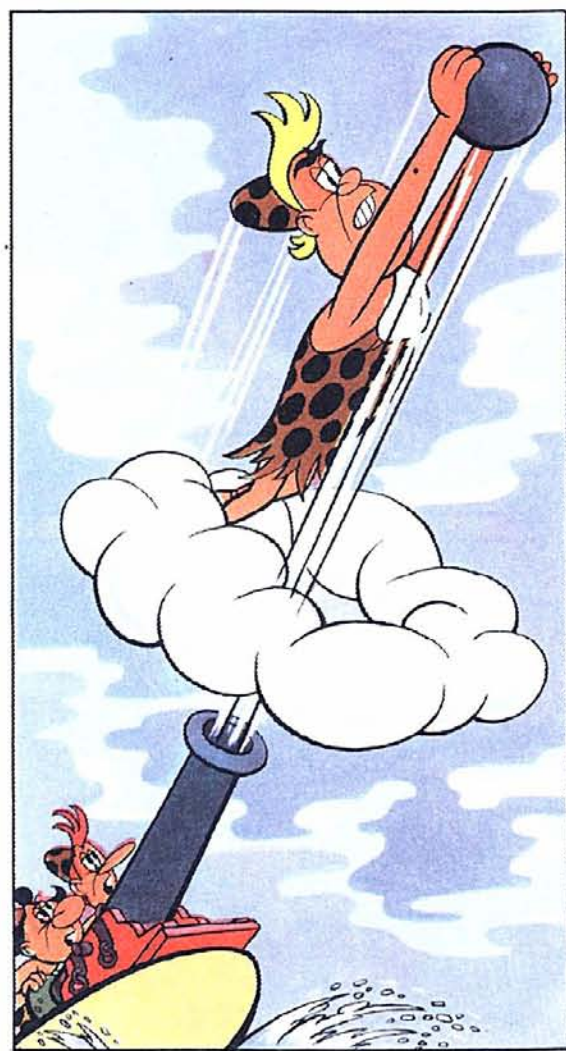

MOSAİK

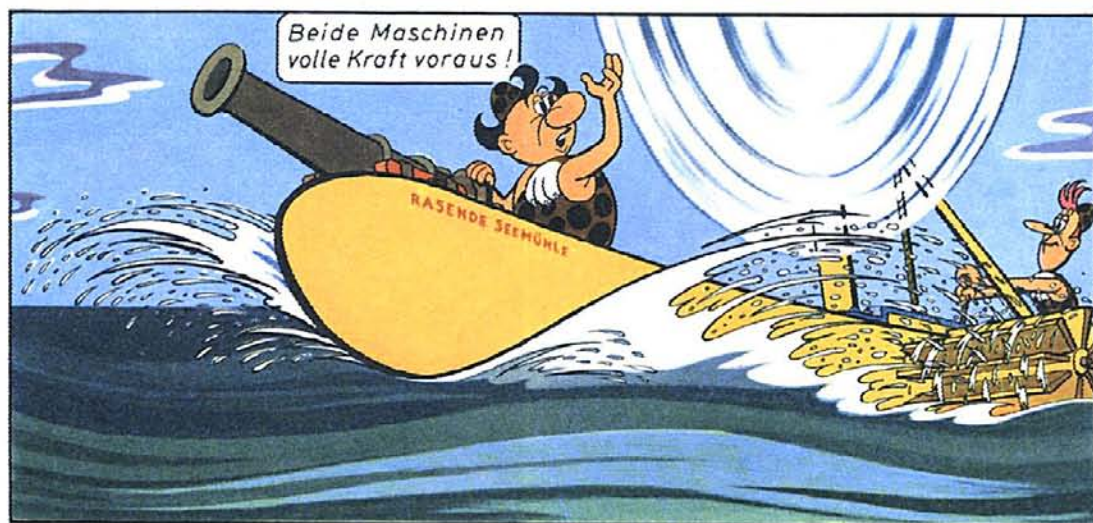

VON

DIG, DAG, DIGEDAG UND DAS URTEIL DES SINGONGO

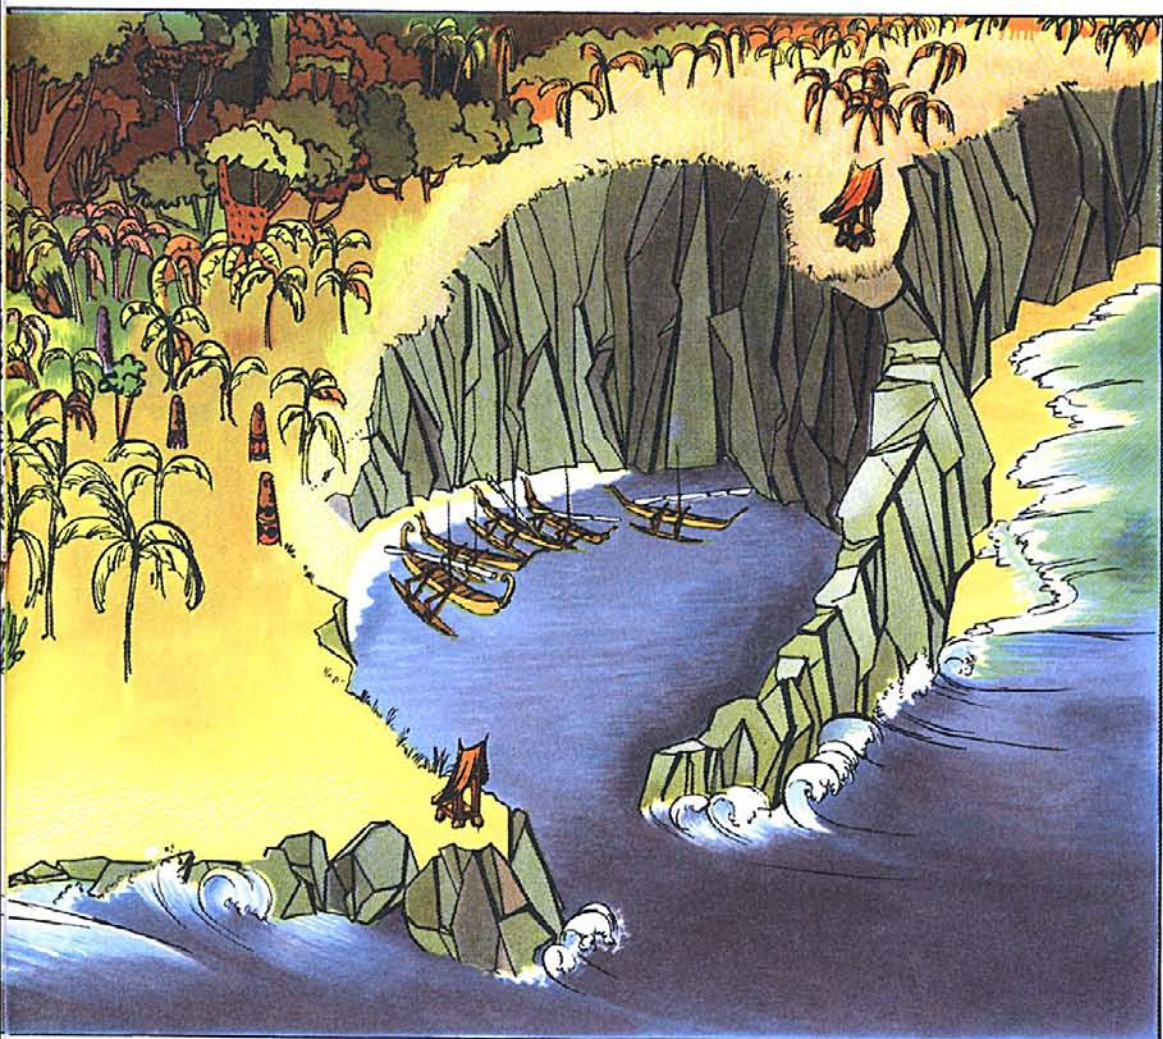

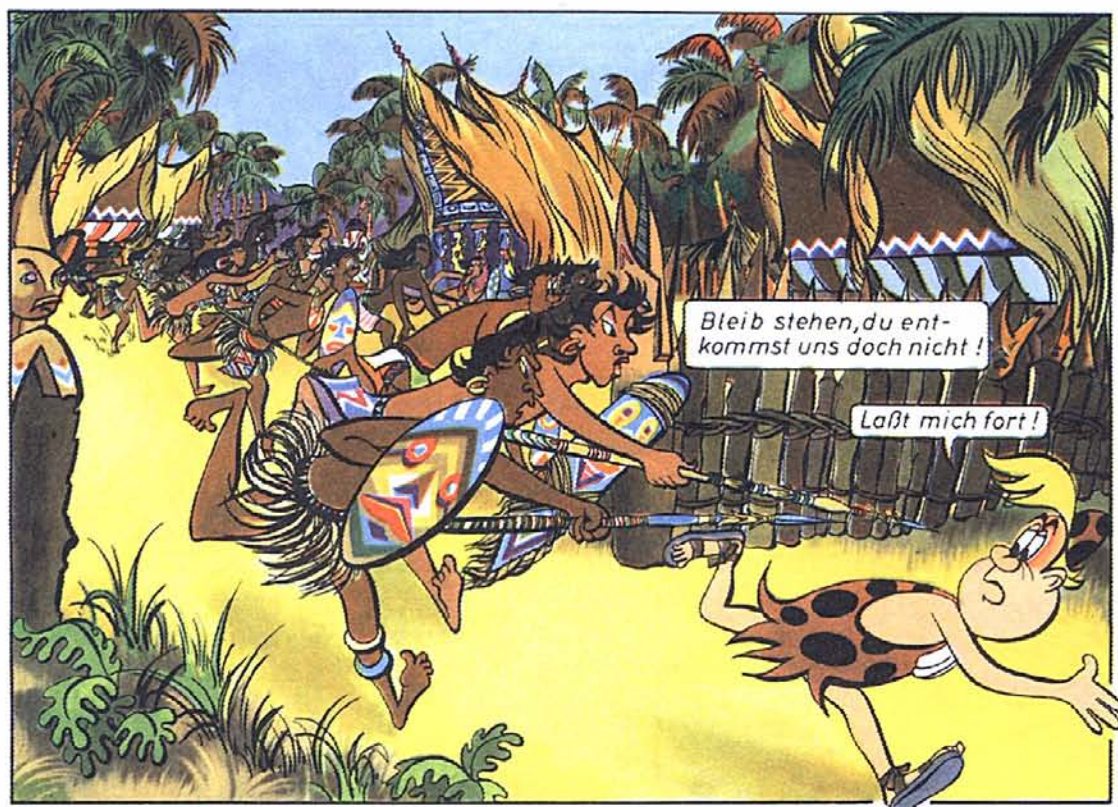

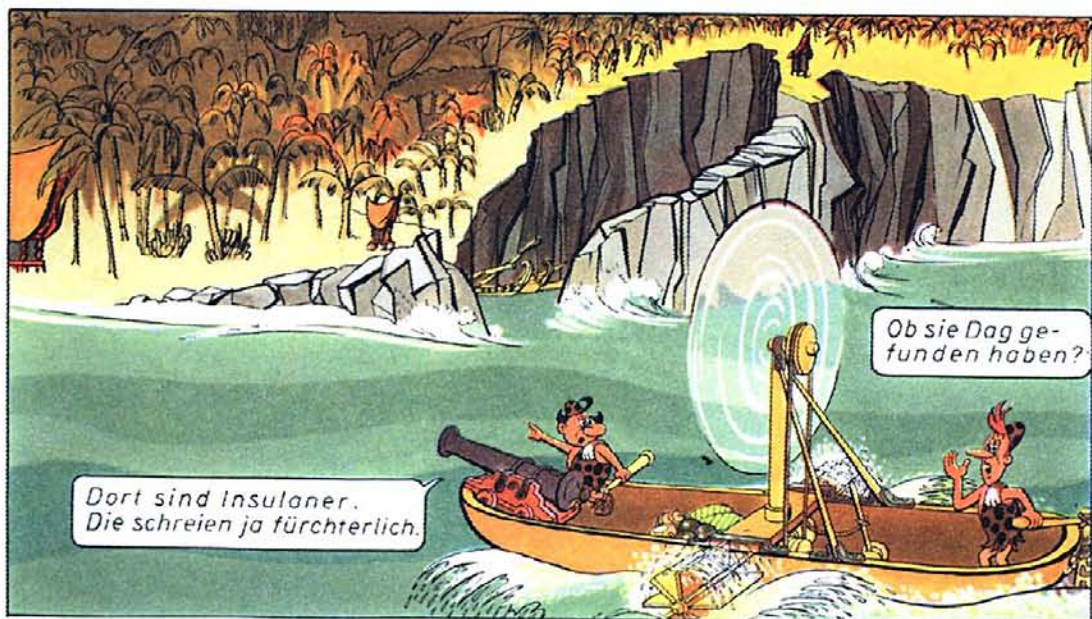

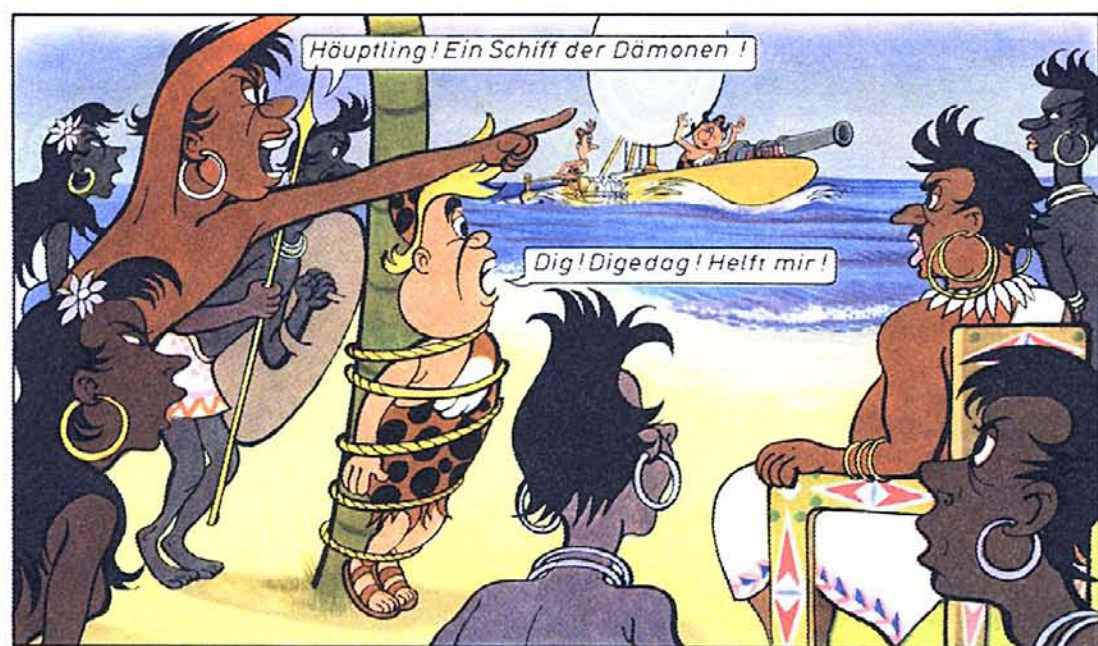

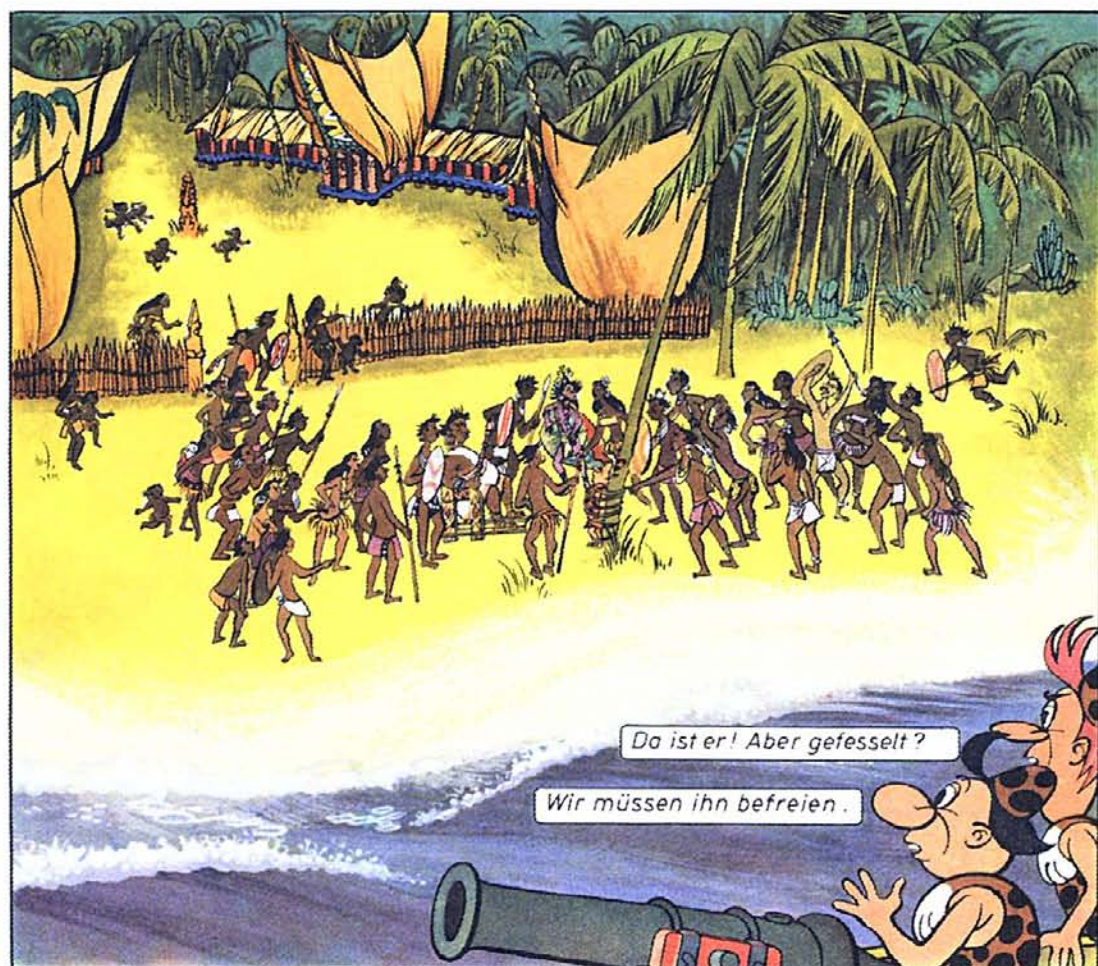

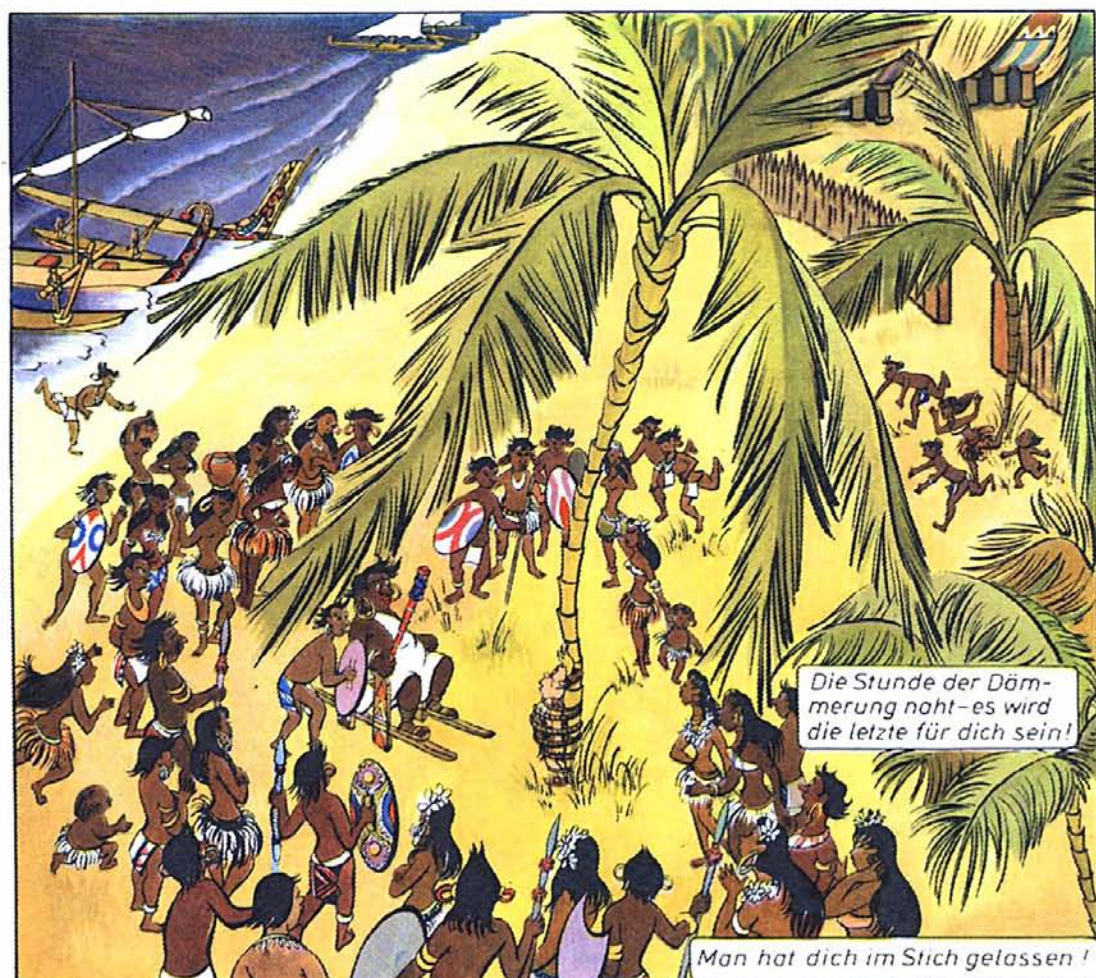

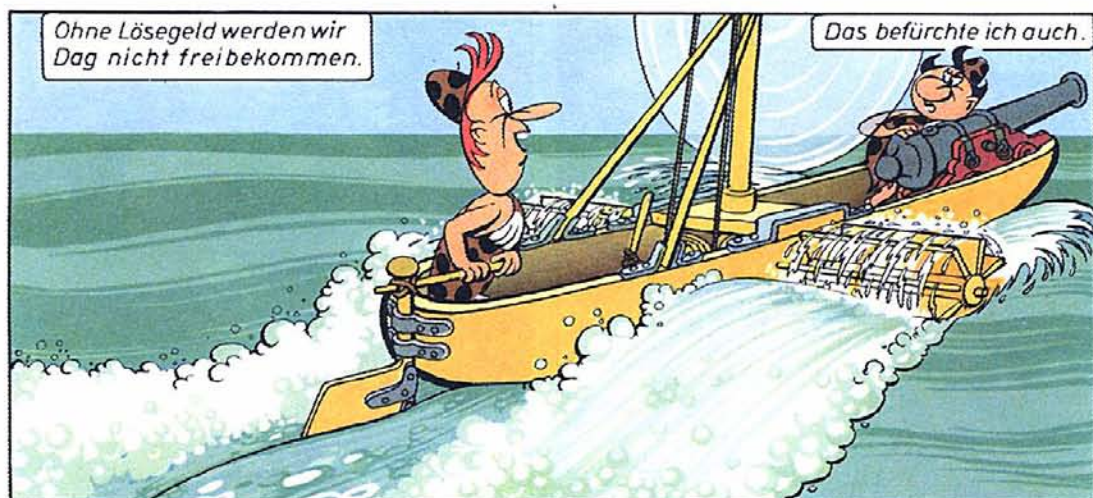

So ein Pech ! Die Sonne hat
sich hinter den Wolken verkrochen.

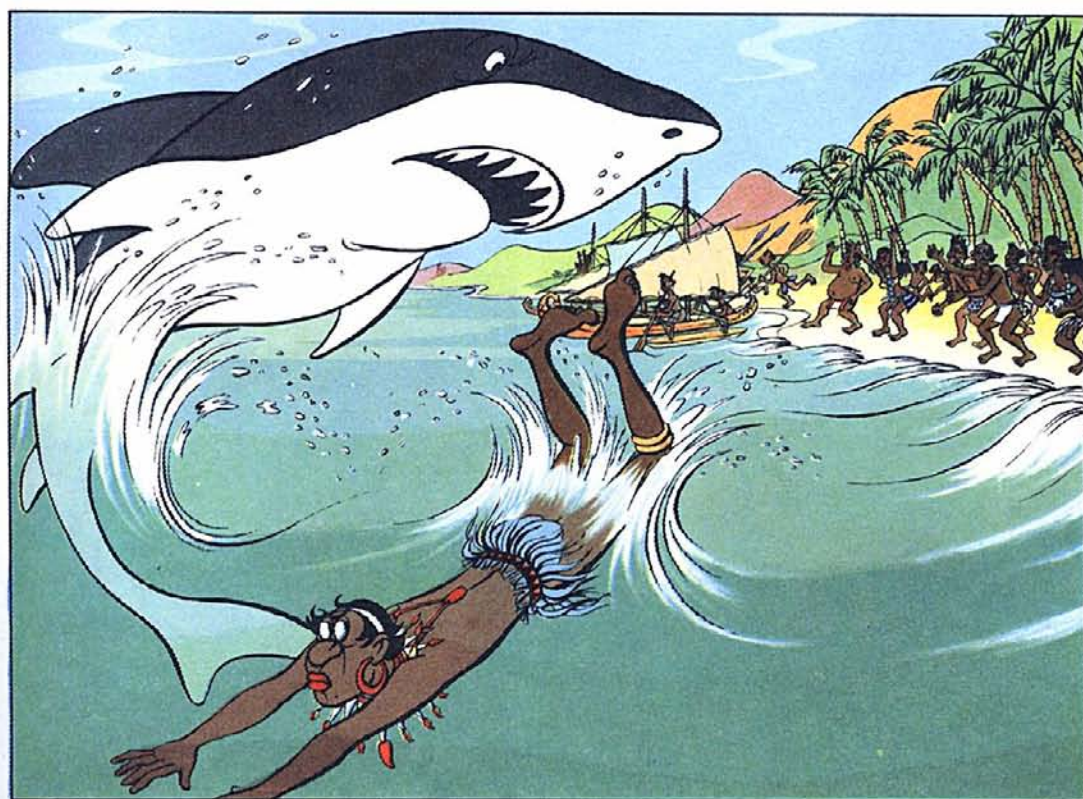

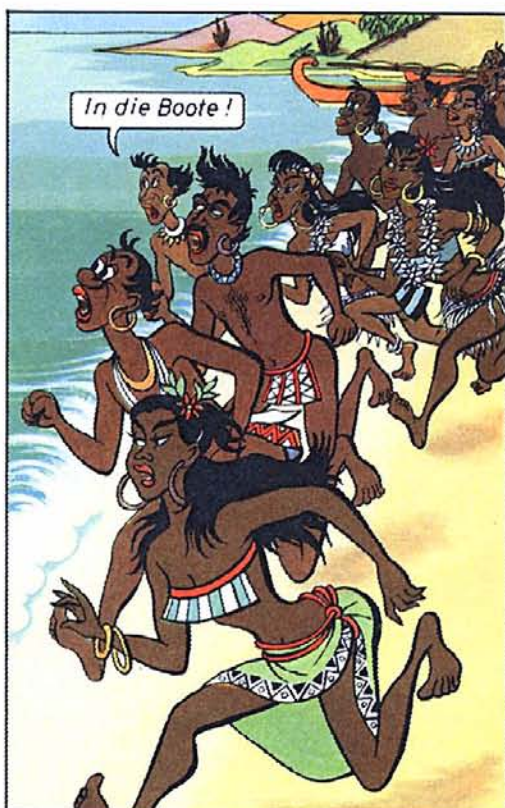

Die Schattenspitze des Rifles
hätte uns die Stelle gezeigt,
an der die Schätze versunken sind .

Trotzdem muß es
versucht werden !

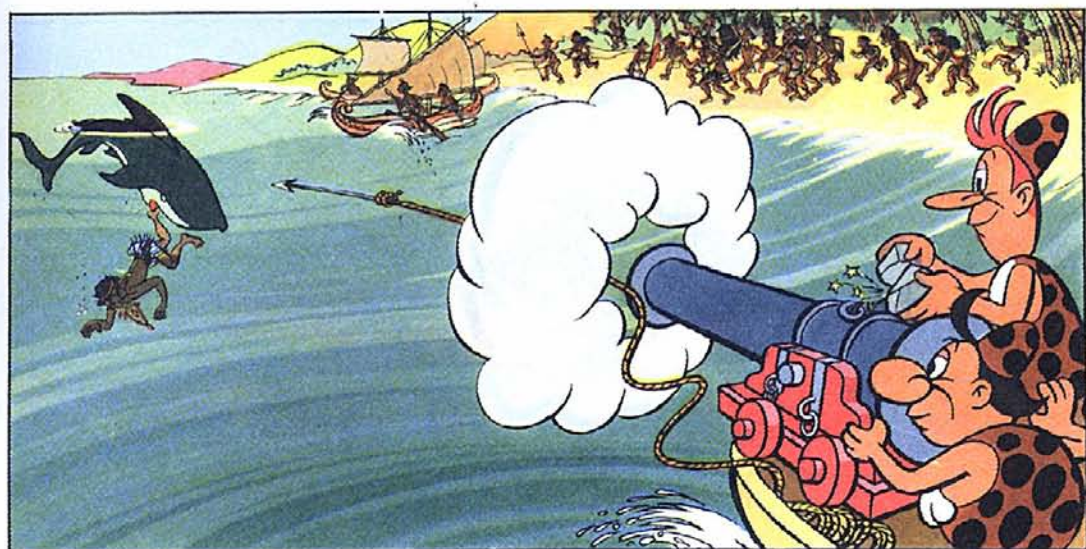

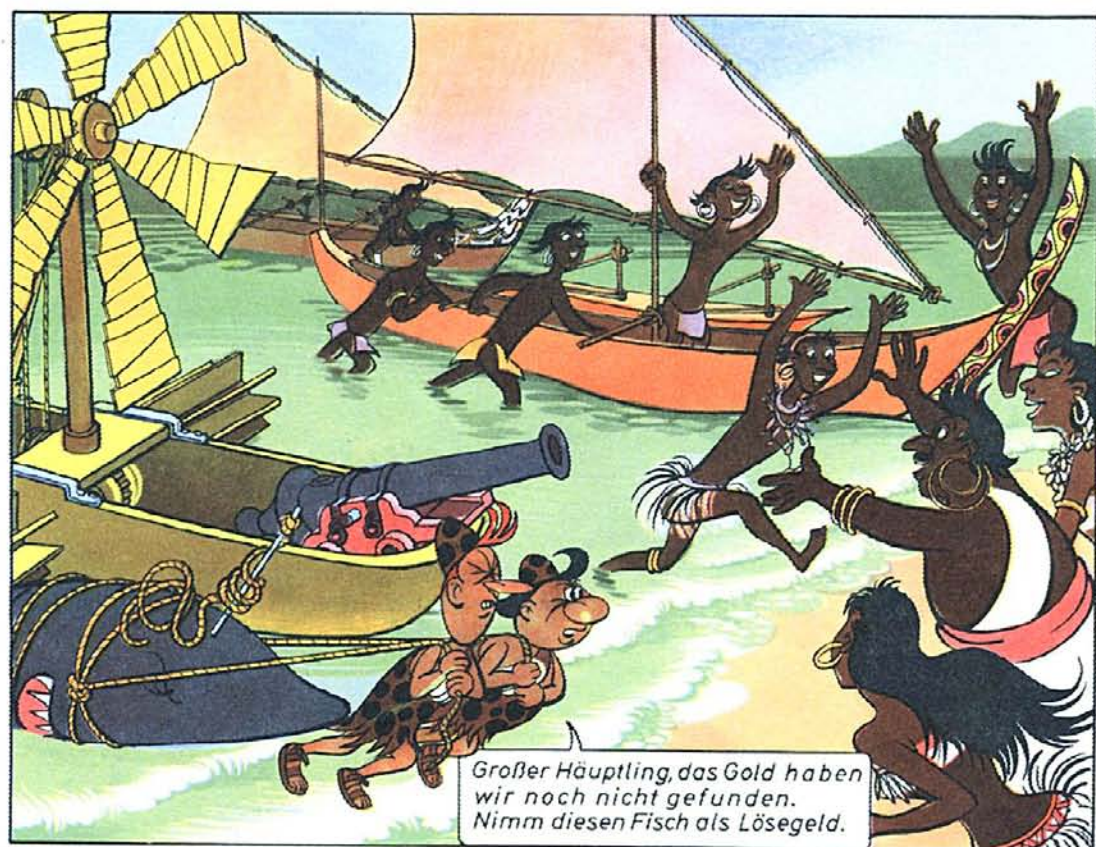

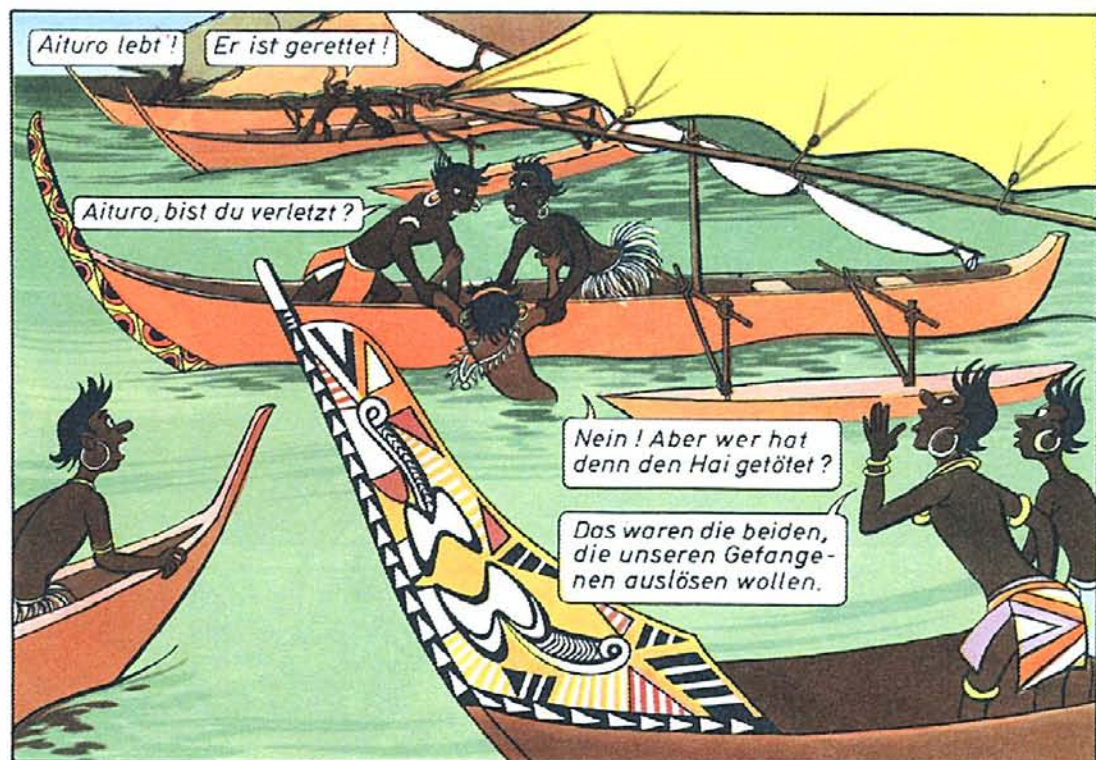

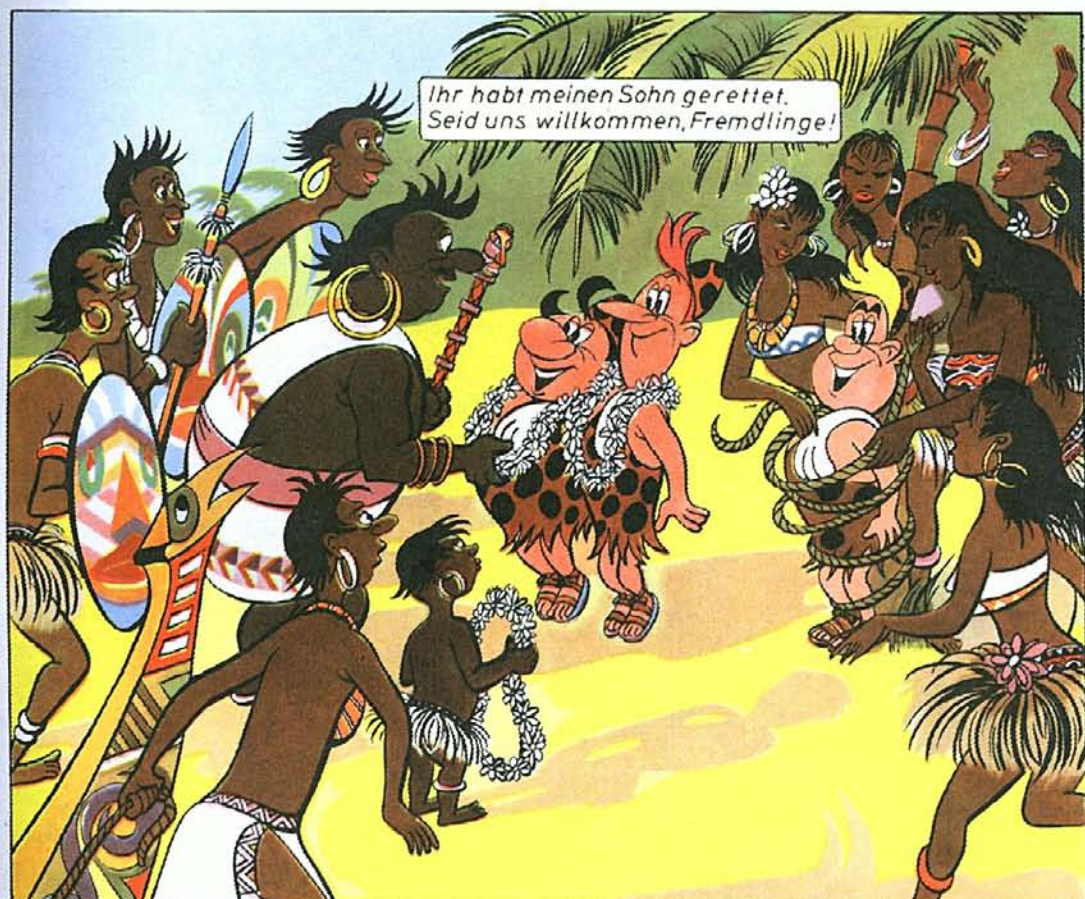

MOSAİK

Im nächsten MOSAIK gelingt es uns,
mit Hilfe der Perlen-Taucherinnen
den versunkenen Schatz der See-
räuber zu heben.

Daß daraus wieder eine spannende
Geschichte entsteht, versichern euch
eure drei Digedags!
